

Shoreline Fire Department

Dedicated to the Protection of Life and Property

Scott Keeny
Jon Kennison
Jim Fisher
Commissioners

Marcus Kragness
Fire Chief

August 20, 2008

Dear Shoreline Community,

On behalf of the Board of Fire Commissioners, I would like to thank voters for approving Proposition 1 on the recent primary election ballot. Your overwhelming support for the fire protection levy will allow the Shoreline Fire Department to continue the reliable service that we take pride in providing to you.

With your approval, a large portion of our financial picture is now stabilized for the next six years. This is really good news. It means we are able to confidently plan for the future, and to ensure excellence in all we do to protect life and property in Shoreline.

Our challenge now is to continue to deliver on the confidence that you have placed in us with this vote. It is encouraging to be a part of a community that heartily supports public safety. I can assure you that we will work diligently each day to earn your respect and gratitude. The men and women of the Shoreline Fire Department are committed to maintaining our reputation as a top-tier, professional organization. We also recognize that we could not achieve this without your support. Thank you!

Sincerely,

Marcus Kragness, Fire Chief
